ROXIIE

(UK)

Deep grooves. Expressive vocals.

Music with feeling.

THE ARTIST

ROXIIE (UK) is a London-based DJ and producer whose sound moves between Afrotech, Afrohouse, Melodic House and Indie Tech. Drawing on her Middle Eastern roots and music from different cultures, she brings together deep grooves, expressive vocals and melodies that stay with you.

Behind the decks, she gives each track room to breathe while keeping the dancefloor moving. Her sets have taken her to Ministry of Sound, E1, Gallery, CÉ LA VI and Blue Marlin London, alongside international appearances at O Beach Dubai.

Production is a growing part of how she expresses herself as an artist. Following her debut release, she continues to explore her sound through original music and collaborations, drawn to records that work on the dancefloor and give people something to connect with.

Community stays close to everything she does: sharing music, bringing people together and creating moments they remember.
